In addition, all pupils who fulfill the age requirement for admission into Grade One must report to the Center School on Thursday, September 9, 1965, at 9:30 A.M. to take a readiness placement examination. Parents are asked to report to the office on the specified date to receive additional information as to where the test will be administered, and the like.

Principal John Moynihan will be in his office at the Center School in Mattapoisett on Wednesday and Thursday, September 1 and 2, 1965, between the hours of 9:00 and 12:00 in the morning to register students who will be new to the Center School this year.

The bus routes are similar to those as in existence last June. However, because minor adjustments will need to be made because of new pupils, students are asked to be ready for pick-up by the buses earlier during the first few days, or until such time as the schedules become fixed.

DEEP LOSS TO MATTAPOISETT

The death of Ralph Moore, on Sunday, August 22nd, was a loss to the town and to most of the inhabitants individually. Ralph was valued as a friend to most of the townspeople. He had made his home in Mattapoisett for 23 years. He served the town as a member of the police force for 14 years and was promoted to Sergeant in 1959. In that same year, he received a commendation from Mattapoisett Selectmen and Police Chief Alden Kinney as a result of the capture of a thief involved in a series of breaks in this area. Ralph was instrumental in the arrest which involved a high speed chase through Mattapoisett and Marion.

After suffering trouble with his heart last year, Ralph went to Buffalo, New York as a patient at the hospital where pace-maker surgery is performed. He was granted a leave of absence from the police department and, in January, more than 300 people turned out in a snow storm to honor him with a testimonial dinner.

He was a member of the Florence Eastman Post 280, American Legion having served in the army in World War II. He was past president of the Coot Cove Shooting Club.

At the present time, when many of the police of the nation are under an attack designed to break down the rule of law in the community, police officers like Ralph are invaluable. He was a fine officer, an impartial one and he had

"Some of the members informed the House that Mr. John Randall, who is return'd Representative of the town of Rochester, is a Profane person, and stands convict of Scandalous Behavior."

"Mr. Randall had an Opportunity given him, to make his Defense. But he expressed himself unconcerned to clear his Reputation.

"Whereupon he was ordered to Withdraw.

"The question being put, Whether the House esteem the said Mr. Randall to be a person worthy to sit as Member of this House?

"It passed in the Negative."

Mr. Randall was then called in, the speaker acquainted him with the vote, whereupon he immediately departed the House. The House sent a precept to Rochester to elect a new Representative.

The House next voted that the people of Rochester "be Reprimanded for their abusing their Privilege, in Electing and Sending a person of such an Ignominious Character to Represent them."

BACK TO SCHOOL

A REPORT FROM SUPERINTENDENT OF SCHOOL OLD ROCHESTER REGIONAL SCHOOL DISTRICT, JOSEPH KUNCES.

At no time in our history has education garnered for itself the limelight that it has today. This statement is as true in Marion, Mattapoisett and Rochester as it is in the nation as-a-whole. People are interested in education, and we in education are interested in people -- not only children, but all people.

As we start a new school year, a number of changes will be found -- new faces, new programs of education and new physical changes.

Commencing September 1, 1965, the Old Rochester Regional School District, including the Towns of Marion, Mattapoisett and Rochester, will possess the following teachers who are new to this system this year:

Old Rochester Regional High School - Clare F. Adams, teacher of English, A.B., Stonehill College; Joan Nash Bell, teacher of English, B. S., Simmons College, candidate toward masters at Bridgewater State; Vivian R. Cunha, teacher of French, B. A., Rivier College; Leonard Gonsalves, teacher of English, B. S. in Ed., Boston College; Marilyn R. Gilbert, teacher of Business Education, B. S. in Ed., Rider College; Beulah Jean Hong, teacher of art, B.S., Massachusetts College of Art; Robert A. Johnson, teacher of English, B. S. in Ed., Northeastern University, Boston State College, M. Ed.; Thomas H. Lanman, Jr., teachers of mathematics and English, A.B., Harvard University, M. in Ed., Harvard Graduate School of Education; Karl A. McDannell, teacher of music, B.M., Boston Conservatory; Clinton S. he will become coordinator of instrumental music in the elementary schools of the District as well as at the high school. He will be assisted by Mrs. Rhona Blasdale, Mrs. Anna Gonsalves, and a new addition to the staff, Mr. Karl A. McDannell.

In the reorganization of the music department, Mr. Mazmanian is desirous of producing a "feede system" of young musicians so as to augment and enlarge the scope of his work at the secondary level.

The number of periods for seventh and eighth grade students has been increased in the area of English from six to nine. The purpose of this increase is to improve the conditions of learning from the students in reading, vocabulary, spelling and written composition.

Students in grades nine through twelve will be given as much help as possible in the area of reading on an individual basis under the direction of Mrs. Cushing, the reading supervisor.

In-service workshops will be scheduled for all English teachers in order to provide them with the necessary techniques and information concerned in a developmental reading program.

Speech is required for all ninth grade students, five periods a week. An additional course is being taught at the upper-class level on an elected basis for two periods a week.

The enrollment of Spanish and Latin classes has increased.

In the Science Department, we have added the BSCS Biology that includes an extra class per week for laboratory work.

The traditional United States History course has been changed to what we now refer to as United States History, American Civilization I and United States History, American Civilization II and is required of all students. The

The Art Department will have two full-time people directing the courses that are offered.

The Music Department will have an additional person who will be in the music area during the entire day as compared to a person who divides his time between music and another area.

In the Physical Education schedule, the seventh and eighth grade classes are grouped for gym classes, also the ninth and the tenth grade classes, and the eleventh and the twelfth grade classes.

In the elementary grades departmental approaches to teaching such skills as reading and arithmetic will be noted in grades four, five and six.
